GUIDELINES FOR ACCESS TO MISSION INITIATIVE FUNDS

Revised January 2010

Application Forms

- Forms will be available in 2 places
 - ♦ Online
 - ♦ Upon request from the presbytery office

Form Submissions

- Forms will be submitted to the Presbytery office and will be reviewed by the Visioning Council at its earliest convenience. The applying congregation must supply a phone number to the Visioning Council for a person who is knowledgeable about the application and who can be available while the Visioning Council is considering the application.
- Some contingency should be in place for requests that are time sensitive.

Application Considerations

- The Visioning Council will consider ALL applications.
- Applications must be received in the Presbytery Office no later than one week before a Visioning Council meeting.
- The first priority will be given to fund those requests made by a session or by a group of sessions for projects that are being undertaken for the first time, or are a significant expansion of an already existing project where new populations are to be served, or services are to be provided to areas or address concerns and needs not previously addressed.
- The second priority will be given to those applications from a session or group of sessions for funding of a project or projects that have been in existence and the request is for "maintenance" support. Funds would be provided on a shared grant basis with no less than 40% of the total funds needed being supplied by the applicant. In addition there must be evidence provided that members of the congregation are invested in this project and that those funds in the support of the project of interest shall require a written explanation that describes their rationale as well as a statement describing how these funds relate to their theology of stewardship resources.
- Annually, no more than 30% of the mission funds available will be used by the VC to provide sessions and congregations with training and strategy support in developing their philosophy / theology of mission outreach and stewardship of resources.
- It was agreed by the Council that no applications will be considered in the future without personal communication with the applicant of the funds

Financial Awards

- Awards will be given at each presbytery meeting
- Congregations must be represented at the presbytery meeting to receive their money. They will be notified of application acceptance by phone and in writing as well as offered instructions about collecting their money
- Congregations will be asked to report to the presbytery on the achievement of their ministry goals within one calendar year of receiving funds.
