

## Supplemental PGR Nominating Committee Report, November 11, 2023

Thank you to all who submitted applications for General Assembly. The Nominating Committee was confirmed once again in the depth of experience, dedication, and love of the members of our presbytery. We present this slate for our commissioners.

We are still working on nominating YAADs. At the last GA we were unable to find members to serve in this role, we are awaiting responses from those who have been recommended by their congregations to serve. We are discovering summer employment and scholarship requirements are conflicting with General Assembly. If we are able to confirm the recommendations, we will present them at the November 18, 2023 assembly meeting.

The NC moves that this slate of commissioners be elected to service

### **222th General Assembly Commissioners.**
