

COVID-19 Plan

██████████ First Presbyterian Church

Due to the nature of the COVID-19 pandemic, ██████████ First Presbyterian Church wants to caution all attendees, whether members or visitors, to take the steps necessary to prevent the spread of the virus between one another and those with whom we may come into contact in the future. To that end, the Church has taken the following steps to aid in this goal:

- All buildings have been cleaned and sanitized, and all surfaces will be cleaned in between gatherings.
- Three Hand Sanitizing Stations have been installed, one at each entrance door and the third in the Fellowship room near the kitchen. These devices are light blue and white with red labels on them. The dispense high-grade foam hand sanitizer and only need to be pressed once.
- Face masks are provided by ██████████ for anyone who does not have one. They will be at the main entrance doors to the Sanctuary. Everyone will be expected to wear an appropriate face covering (According to the Washington State Department of Health guidelines) at all times in the building and on the property.
- Signs reminding attendees to wear masks and keep the six-foot distance from one another (excepting families) are placed at the entrance doors and around all areas of the Church.
- Hand Washing reminder signs are placed in every restroom and the kitchen.
- There will be someone posted at each entrance to the Church to ask everyone entering about their immediate state of health. They will also ask them to notify the Church appointed COVID-19 Supervisor, Pastor ██████████, if they feel symptoms come on anything during the two weeks following their attendance. Pastor ██████████ can be reached anytime at the church office number ██████████ or his cell phone ██████████.
- Roll will be kept of all attendees at Church services and gatherings and held for two weeks following the event.
- Coffee and Tea service will be suspended until at least entering into Phase 3 of the Governor's plan.
- This document shall be posted at each external door of the Church and in locations throughout.

COVID-19 (Coronavirus)

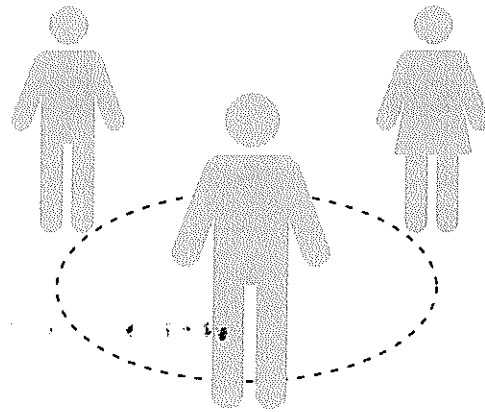

What is COVID-19 (Coronavirus)?

It is a new virus strain that is spreading from person to person.

When an infected person coughs or sneezes

Between people who are within about 6 feet

By touching something with the virus and then touching your face.

Anyone can get it.

Anyone can spread it.

And everyone can help stop it.

**Stay home.
Stay healthy.**
